EXPERIENCE

Logipromt Techno Solutions Pvt Ltd, Thiruvananthapuram— Academic Project Associate

November 2023 - PRESENT

As an academic project coordinator, I was tasked to motivate and work on projects that include technologies like Flutter, MERN, React, Django, and Arduino. I led my team to complete projects before the deadline and motivated and created a fresh atmosphere for productivity and health.

Logipromt Techno Solutions Pvt Ltd, Thiruvananthapuram— Software Trainee Intern Flutter

July 2023 - October 2023

During my Internship, I learned more about different types of technologies which include dart and the flutter framework. I was tasked to build e-commerce apps during my training period and having a team encouraged me to achieve the target deadline faster.

EDUCATION
